DETAILED ACTION

Notice to Applicant

This communication is in response to the Decision by the Board filed on 04/18/08. Claims 1-21 are pending.

Reasons for Allowance

Claims 1-21 are allowed. The following is an examiner's statement of reasons for allowance and in light of the Decision by the Board.

Independent claims 1, 8, 19 and 20 are directed to "providing over the computer network and to the customer an interactive schematic illustrating a plurality of component parts of the product with associated reference identifiers; receiving a selection from the interactive schematic of at least one of the component parts over the computer network".

The closest prior art of record, Uemura (2001/0027429) teaches system and method for ordering component parts for equipment. However, none of the prior art discloses or renders obvious the steps of "providing over the computer network and to the customer an interactive schematic illustrating a plurality of component parts of the product with associated reference identifiers"; and "receiving a selection from the interactive schematic of at least one of the component parts over the computer network" (as recited in claims 1, 8, 19 and 20).

Art Unit: 3687

Furthermore, in the decision by the Board of Patent Appeals and Interferences mailed on 04/18/08, the prior rejections of claims 1-21 are reversed. The reason for the reversal claims was, as noted by the Board at pages 4-5 and pages 8-9 of the decision mailed on 04/18/08, the examiner does not clearly and particularly point out how he has applied the reference in order to make a prima facie case showing of obviousness.

Claims 2-7, 9-18 and 21 incorporate the features of claims 1, 8, 19 and 20 through their dependencies, and are also allowed for the same reasons given above, and incorporated herein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Examiner's Comment

The drawings filed on 01/06/04 have been approved by the Examiner.
